Smashing Records On Atlanta Track

**Strang's Mile in 37.7 Seconds—Aitken Beats 10 Mile
Track Records—Jack McGrath Doing Good Work
On the Mat—Football News.**

Atlanta, Ga., Nov. 9.—With the highest powered automobiles ever built, driven by America's best drivers, threatening existing track records, Atlanta's new \$250,000 automobile speedway was opened to the public today.

Lewis Strang, in a 200 horsepower Fiat, broke the mile record for an automobile covering the distance in 37.7 seconds, a little more than five seconds faster than the best previous record, 43 seconds, made by Oldfield in Indianapolis. The rate of speed was 30.5 miles an hour.

The event, which was free for all, had nine entries, but only six started. Baele, in a Renault, Disbrow in a Ralnier and Kilpatrick in a Hotchkiss did not line up. When they heard of Strang's time they frankly admitted that it was useless for them to try. Strang got away first. It was a flying start, once and a half around the track and the off. The big Fiat moved out easily, gathering momentum in thundering jumps. Then as it crossed the starting line, the crowd on the grand stand, it seemed to take wings and fly. The prizes were two cups, with \$200 offered for a broken record.

Following is the order in which they finished and the time: First, Lewis Strang, Fiat, 37.7 seconds; second, Barney Oldfield, Buick, 42.3 seconds; third, Walter Christie, Christie, 43.1 seconds; fourth, John M. Rutherford, Stearns, 46.8 seconds.

The ten mile stock chassis was won by John Aitken, driving a National, in 52.72. His teammate, Tom Kincaid, finished second, 54.46.

The ten mile free for all handicap was won by Stillman, in a Marmon.

John Aitken, starting from scratch in his Chrysler National, lowered the world's track record for ten miles, going in 52.72, as compared with the previous record (Oldfield's) of 53.10.

Strang, from a standing start, won the two mile free for all in 13.83. Oldfield, driving his big Buick, was second in 14.72. Aitken, in a National, third, in 14.72, and Christie, who had repaired his injured valve, fourth, in 15.10.

Louis Chevrolet, driving a thirty horsepower Buick, won the 200 mile race, averaging 72 miles an hour. Time 2:46.48.

spent considerable time with the end men. Tonight a mass meeting of the college body was held on the campus and songs and cheers practiced for the game with Princeton Saturday.

DUE FOR DRUBBING.
Princeton and Dartmouth Have Little Chance Against Yale and Harvard.

On their showings of last Saturday, both Princeton and Dartmouth are due for sound drubbings Saturday when they will respectively attack Yale and Harvard. Both teams will probably be somewhat saved by the fact that their opponents do not expect to show their strength of attack, both Yale and Harvard storing up their best for each other on November 30.

This doesn't mean that Saturday's games won't be worth going some distance to witness. The Tigers have a way of managing to keep the bulldog busy with a good victory over Vermont academy Saturday at Saxtons River, Vt., 33 to 0.

Mooney Gibson, who jumped into the line during the world's baseball series as catcher for Pittsburgh, has received an offer from New York to go in vaudeville.

Dartmouth is likely to take the stand that no year's game with Princeton should be played in New England. It would make quite a card for Springfield, Boston Journal.

Harvard coaches are inclined to blame the National commission because the Hartford baseball club won't be able to get any money when Bill Luyker goes higher than \$100,000.

It may be a dislocation of a popular theory, but the umpire is strangely missing in the mortality reports of the game. But it may possibly be urged that it comes under the head of justifiable homicide.

Hank Goede, the star shortstop of the Racine team of the Wisconsin League, has appeared for the last time in a Racine uniform, as he has been drafted by the Hartford team of the Connecticut State league.

Foster, Shurtliff and Smith were the Harvard coaches who saw the Dartmouth-Princeton game. All are working with the Harvard second team, which will use Dartmouth's players against the varsity this week.

Supporters of the Brown university are in favor of a lighter schedule. The fight for Harvard, Penn, Harvard and Yale, and a week from next Saturday will meet the Carle Indians. Pennsylvania will be dropped next year.

William C. Robbins, the former Boston star, now running under the Irish-American C. C. colors, is to be a starter in a four-cornered quarter mile race next Saturday night. Against him will be Dick Mulvihill, Phil Entee and W. J. Hayes of Philadelphia.

STAFFORD SPRINGS
Commissioners Refuse License to Bernardo & Piorola—Town Meeting—Death of Former Resident.

The county commissioners have refused to grant a liquor license to Bernardo & Piorola. There was a remonstrance on the ground of the persons being otherwise engaged in the business. The commissioners decided, however, that the place was suitable, but that Bernardo & Piorola were unsuitable persons to conduct the business. Bernardo was convicted on five counts in July, 1938, of selling to minors, and a record of the unsuitability of Mr. Bernardo to carry on the liquor business. The remonstrants were represented by Attorneys W. H. Reed and R. H. Plisk, and the applicants by Thomas F. Noone and John E. Plisk of Rockville. The remonstrance against Domenico Torcon was withdrawn and he was given a license.

Ten Mill Tax Laid.
The town meeting held in the Town hall in Stafford Hollow Monday afternoon was a harmonious gathering. A ten mill tax was laid and it was voted to purchase an itemized list of the valuation of the town for the appraisal by the special committee. The assessors will take the valuation figures as a basis for the next year's valuation. An appropriation was made for the proper observance of Memorial day.

The Forest Service of the U. S. Government declares that a Hardwood
Famine is inevitable: the price of Hardwood Timber and Products
has increased 100% in ten years; the rate of advance in price is
increasing as the end approaches.

An Adequate Timber Supply is a Necessity of the Industrial World;
it must be created as it does not exist. These conditions are
factful—worth thinking about.

The Eucalyptus tree is the fastest growing hardwood of the world. It can be made the salvation of the hardwood industries of the nation.

The genus numbers over 150 species; about fifty species are growing in California.

It produces the most durable timber of the world, in the water or in the earth.

It is ever-green; grows every month in the year, and when established is the hardest of trees.

It is proof against parasites, insects, rot, borers or any disease.

When the tree is cut numerous shoots grow from the stump and the growth is reproduced.

Steve Phibbs has a young brother playing left end for the Yale freshmen who is some player.

SPORTING NOTES.
Freddie Webb announces that he is prepared to box any lightweight in the world for \$5,000 or \$10,000 a side.

Dartmouth is likely to give its third string halfback, Boyle, a chance in the game with Yale and Harvard.

Cornell is due for trouble again against Chicago next Saturday. Chicago beat Northwestern 24 to 0 Saturday.

Ernest J. Taylor, the intercollegiate two mile and American record holder, has joined the Cornell cross country squad.

Swelling academy finished its football season with a good victory over Vermont academy Saturday at Saxtons River, Vt., 33 to 0.
